Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The current assessment was prepared on behalf of Duke Energy North America as part of cultural resources investigations to support the proposed construction of a power plant in southern Frederick County near Point of Rocks (Goodwin 2001).

This property was surveyed initially in 1982 (Weissman 1982). In 1982, a two-story house was recorded. During a survey conducted in May 2001, no extant built resources were located on this property. Since no built resources remain extant on this property, there are no buildings that possess the qualities of significance for listing in the National Register of Historic Places.

Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

The F. Stunkle house is located at the end of a long dirt road from the south side of Route 28, west of the intersection with Pleasant View Road. The property was observed only from a distance, and a detailed description is not available. The only visible building is a two story high, gable roofed house which faces northeast. It is in two sections, a main block and lower wing.

8. Significance

Survey No. F-1-158

and/or

Applicable Exception: ☐ A ☐ B ☐ C ☐ D ☐ E ☐ F ☐ G

Level of Significance: ☐ national ☐ state ☒ local

Prepare both a summary paragraph of significance and a general statement of history and support.

The F. Stunkle house, which was observed only from a distance, is probably the building shown in this location on the 1873 Lake atlas of Frederick County. The Stunkle family is listed by Scharf as among the early settlers of the Point of Rocks area (Vol. I, p.567).
